

重要信息-请翻译!

Dear Parent/Guardian:

Please read this entire email for information about seventh grade math recommendations and course selection. Additional course information is available on our website:

<http://ms.jerichoschools.org/cms/One.aspx?portalId=5888475&pageId=47806894>

Math Recommendation:

A Middle School committee of administrators, curriculum associates, guidance counselors and teachers met recently to discuss each sixth grader's performance in mathematics and science. We carefully analyzed your child's performance throughout this school year, and have made recommendations as to his/her placement for the 2019-2020 school year. We have indicated our recommendation above and on the Power School Parent Portal. We believe that students and parents are partners in the course selection process. To that end, you may choose a Math class that is different than our recommendation.

Please note that there is no accelerated science course in seventh grade. Most students who take accelerated math in seventh grade will take Regents-level Algebra I and Regents-level Earth Science in eighth grade. However, assessment of students is ongoing and dynamic. If additional information necessitates a change in recommendation for next year, your child's teacher will contact you.

You MUST make your selection by Wednesday, February 6, 2019.

To make course selections, please log into the Power School Parent Portal, <http://powerschool.jerichoschools.org/public>, and follow the instructions below.

1. Click on Class Registration (on the left side of the screen)
2. Click on the "Edit" Button (looks like a pencil, on the RIGHT side of the screen)
3. You will see the two math options, Accelerated and General. You will also see our recommendation next to one of those courses.
4. Click the check box to the LEFT of the course name to make your selection.
5. Click "Okay"

Music and Elective Selection:

On the same screen as the math course selection, you will see lines for requesting a music class and electives. Again, click on the pencil, choose the appropriate classes and click "OK." Students who choose Band or Orchestra DO NOT NEED TO CHOOSE ELECTIVES. Students who choose Chorus or Exploratory Music MUST SELECT ONE ELECTIVE AND TWO ALTERNATE ELECTIVES. Students will be programmed for one of their choices next year.

Please remember to click "Submit" at the bottom of the page after you have made your selections.

You can return to the course request page on the Power School Parent Portal and change your selection until **Wednesday, February 6, 2019. We cannot accept any changes after that date.**

If you have any questions about our recommendation, please contact your child's math teacher or Ms. Richman (your child's guidance counselor) at ext. 3557. If you have questions about the Parent Portal, please contact my office.

Through our joint efforts, we are confident that we will continue to create an environment in which all students will be successful.

Sincerely,

Chad Gleason
